

building dreams

since 1989

Design and build specialists, The House Company Ltd create solid, personalised and award winning homes. In the recent Registered Master Builders Federation's House of the Year Auckland Region Awards, The House Company achieved a 100% success rate, of five entries, five awards were presented, dominating the awards with Gold's.

The House Company's aim is to make the process of building your new home as simple and stress free as possible. They offer free no obligation site visits to ascertain the best aspect for your new home, as the siting of your home is all important to capitalise on the use of the sun and other geographical points in the area. This is done before finalising a floor plan for your families' new home. With this in mind they still offer a number of standard plans as an initial starting point for designing your home.

Operating in the Bay of Islands, Whangarei, Rodney & Coromandel their designs predominantly reflect coastal living with the sun and beach as the focus for the designs.

A full design service is provided, allowing full collaboration between yourself and the design team. The completed and approved working drawings are presented with a fixed price quotation with a full specification of inclusion giving a peace of mind guarantee, alongside the 7-Year Master Build Guarantee.
